Apologies for missing the names of attendees who joined late, stayed for a while and left in between. Following points were discussed during meeting

1. **Circular to be issued by MLSI regarding the Delhi incident in which infants died in fire:** Dr. Rajeev Joshi stated that through this circular we are not telling anything new on our own. Everything is already in the public domain. If we don't speak, our credibility can be questioned. We will be seen as other associations which are biased towards medical professionals. This circular will help us in proving to be neutral & concerned about the public. Which will be beneficial for us in future. After this opinion of Dr. Rajeev Joshi, Dr. Suresh Vasistha & Dr. Mukesh Yadav put their opinion in favour of issuing such a circular. Later on all members agreed that such a circular should be issued. Content of circular revised, edited & finalised as suggestions given by attendees. After finalising the content it is decided that this draft should be circulated in MLSI whatsapp group for further suggestions and should be issued for circulation in public domain on tomorrow at 12 noon.
2. **Annual General Meeting dt 01/06/2024:** Dr. Rajeev Joshi requested all members of MLSI to attend AGM physically and if not possible physically to attend virtually.
3. **Appointment of faculty / principals in medical colleges:** could not be discussed due to absence of Dr. Hitesh.

Meeting ended at 10.15 pm with resolution to meet on 01 June 2024 at 7 p.m. for AGM
